1 But just for the -- for the record and for  
2 purposes of getting through today, obviously you  
3 understand that your testimony is being recorded,  
4 right?

5 A Yes.

6 Q And given this weird Zoom format that we  
7 have here, it's very important that you answer  
8 audibly using words rather than nodding your head or  
9 shaking your head so that we have a clear transcript  
10 of what was said on the record.

11 Make sense?

12 A Yes.

13 Q Okay.

14 And please make sure that you let me finish  
15 my question before answering and I'll make sure that  
16 I let you answer the question before I ask the next  
17 one.

18 Okay?

19 A Yes.

20 Q All right. And if you don't understand my  
21 question, just let me know, and I can either repeat  
22 it or I can rephrase it. But if you don't ask me to  
23 rephrase or repeat the question, I'm going to assume  
24 you understood it.

25 Okay?

1           A     Yes.

2           Q     If you need -- as Mr. Garrie said, if you  
3     need a break, just let me know. This isn't an  
4     endurance test. I'll just ask that you answer the  
5     question that's pending before we take the break.

6                     Okay?

7           A     Yes, okay.

8           Q     And given that we're all sitting in  
9     different rooms and you've got a computer, you know,  
10    3 feet from your face, it's very important that you  
11    not engage in any communications during the course  
12    of this deposition. It's important that we just  
13    have a back and forth between each other without the  
14    interference of outside communication.

15                    Does that make sense?

16          A     Yes.

17          Q     All right.

18                    Anything -- any reason why you can't give  
19    truthful testimony today? Are you on any sort of  
20    medication or have any other condition that would --  
21    may interfere with your truth-telling ability?

22          A     No.

23          Q     And you understand that you're under oath,  
24    right?

25          A     Yes.
